Samaritan Foundations PRIDE Partners

We seek to establish partnerships with businesses in our community who share our PRIDE values: Passion, Respect, Integrity, Dedication and Excellence. There are many opportunities for businesses to support Samaritan's specific funds at your local hospital foundations that will help meet the health care needs of our communities. Possibilities include funding of facilities, equipment, health and wellness programs, education and patient support. PRIDE Partners enjoy special benefits and recognition.

Opportunities for Support at the Samaritan Foundations

Cancer Care: Enhances patient care by supporting essential equipment, facility improvements, programs and critical services for those facing cancer.

Equipment: Helps ensure patients across our communities have access to the latest diagnostic tools and medical technologies- close to home. Gifts support priority equipment needs at each hospital and clinic, improving care where it's needed most.

Greatest Need/General Unrestricted: Unrestricted funds can be used where the greatest need is determined by foundation boards.

Hospice: A philosophy of care for people of all ages in the last stages of terminal illness.

Patient Support Program: Helps eligible patients overcome social determinants of health (SDOH) barriers by providing emergency gap funding for essential needs, including medical expenses, prescriptions, nutritional supplements and other basic necessities – to support access to care and a safe discharge.

Reach Out and Read: Reach Out and Read is an evidence-based early literacy program that partners with pediatric clinicians to help families build nurturing relationships and support children's development through shared reading during well-child checks.

Samaritan Early Learning Center: The Samaritan Early Learning Center offers a fun, developmentally focused experience for infants, toddlers and young children in Lincoln City and North Lincoln County. North Lincoln Hospital Foundation donations support scholarships for families in need, vital programs and essential improvements. Current fundraising efforts are focused on new playground equipment to create a safe, engaging space to learn and play.

Samaritan Treatment and Recovery Services: Residential and intensive outpatient treatment programs for adults (ages 18+) with substance use illnesses.

- **Mid-Willamette Valley:** Program fund resides at Lebanon Community Hospital Foundation to provide patients and staff with ongoing programs and service needs, as well as the continued renovation, repair and improvement of the Samaritan Treatment and Recovery Services facility in Lebanon.
- **Central Coast:** Program fund resides at Pacific Communities Health District Foundation in Newport to enhance on-going care by providing equipment, education, programs and services for patients and staff at the Samaritan Treatment and Recovery Services facility on the coast.
