

# Stronger Together

A systemwide comprehensive campaign, featuring local and regional initiatives to improve access, build community, inspire hope and leave a legacy of generosity, in support of Samaritan Health Services' mission of Building Healthier Communities Together.

“Working together — with donors and communities in support of our local non-profit hospitals — is where we find our strength. We are committed to engaging and nurturing partnerships with local supporters to Build Healthier Communities Together — both within and beyond our hospital walls. As an organization, we are dedicated to serving our communities as an inclusive, respectful, equitable and responsive health care system.”

— Doug Boysen, President/CEO, Samaritan Health Services

## Stronger Together is a unique campaign, focusing on local and regional initiatives of the five local Samaritan Foundations.

Philanthropy is needed more than ever to address health care through all stages of life. The Stronger Together campaign is designed to:

- Unite community partners at all levels, and welcome new support through inclusive outreach.
- Provide a menu of priority projects and initiatives that address the most pressing needs locally and regionally.
- Feature population health initiatives to address the social determinants of health.

---

Our goal is to raise \$35 million together by 2025:

- **Albany:** \$5 million.
  - **Corvallis:** \$15 million.
  - **Lebanon:** \$5 million.
  - **Lincoln City:** \$5 million.
  - **Newport:** \$5 million.
-
